Becki< Audrey and I have to go to RRB anyway so we are going over for this meeting in person with Liz.....so you are right in that there is a conflict. My recommendation would be that we don't all need to be at this meeting with Liz Blackburn. There will be plenty of opportunities to work on the Qs and As over the next few days, etc. I think that the two of you should do the methanol call and fill me in ...and I will do likewise. My two cents!

I've made a couple suggested clarifying edits to the press release. I'm pleased to see this progress and fully support the information sharing now.

Today I have a meeting with OTAQ on ethanol at the same time so I can't attend this RI call (I think Lynn and Vince have the same conflict).
